

ENVIRONMENTAL SOCIAL AND GOVERNANCE

REPORT 2025

Company's Message

As a firm that has been in the market for years, we seek constant innovation, not only to maintain our competitiveness, but also, and above all, to be a company that makes a difference in society and is prepared to meet the demands of the future.

Therefore, we have an engaged society, with established purposes and social initiatives, observed and fulfilled by all. We understand that for our ESG policy to be sustainable, the process must start with us.

Still with a long way to go and many challenges to face, we present some measures already taken and others in planning by our Office, for the conservation of the environment, for the appreciation and protection of our team, for the evolution of our community and to guarantee a conduct ethical, responsible and transparent business. Our actions are guided by the Sustainable Development Goals set out in the UN's 2030 Agenda.
